

## **DISABLED ACCESS**

Disabled access to the Main Hall and Whitley's is via a lift, just inside the main entrance.

## **EVACUATION PROCEDURES FOR WHEELCHAIR USERS OR THOSE WITH IMPAIRED MOBILITY**

In the event of an evacuation of the Hall, for whatever reason, please note that the lift **MUST NOT BE USED**.

If you are on the **UPPER FLOOR**, escapes with temporary resting places are situated:

- Outside the door beside the Coffee Shop Servery (2). This location is fitted with **ONE EVACUATION CHAIR** and **ONE EVACUATION SLEDGE**,
- Outside the Kitchen Escape (2),
- Outside the fire door beside the Committee Room (2).

There is also a temporary resting place (1) on the landing outside the Kitchen at the top of the stairs. This location is fitted with **ONE EVACUATION CHAIR**.

All Fire doors themselves are designed to resist fire and smoke for one hour.

If you are on the **LOWER FLOOR**, escapes situated at the foot of the kitchen stairs and in the link corridor lead on to level pathways.

Exits from both Entrances also lead on to level pathways.
